

WHAM

Wellness & Health Action for Men

We at Thrive Resource Centre in response to feedback from community members concerning gaps in services for men in our community, are excited to announce the Wellness & Health Action for Men (WHAM) a brand new support group for men.

The WHAM program is a group for men who want to address their life issues in a positive, inclusive and supportive environment. The goal of the group is to give support to men by offering different solutions through teaching, listening and sharing.

The group offers an experiential process which involves interpersonal conversation, giving and receiving feedback, and challenging one another to develop more constructive patterns of behavior. Each group begins with a brief check-in and ends with a brief check-out.

Celebrating
45 years
1973 - 2018

WHAM meetings
Every Friday
1:00 to 3:00 pm

Location

Resource Centre
555 Spence Street
Winnipeg, MB R3B 2R9
